

# Cardiac CRC Research Student Scholarship

**Faculty**

Engineering

**Residency**

Local

**Program Level**

Postgraduate Research

**Value**

\$20,007 per annum

**Tenure**

Tenable for three years.

**Outline**

The Scholarship is established to encourage outstanding PhD students to undertake research programs in the Faculty of Engineering. Students must commence in Semester 1 and be enrolled by 31 March. If the scholarship is unallocated in Semester 1, applicants will be considered for Semester 2 entry. Awards cannot be deferred.

**Eligibility**

Applicants must be proposing to undertake a full time PhD.

**How to Apply**

There is no separate application form. To be considered for this scholarship, an applicant must apply for an APA.

**Contact Details**
